1. HOW WAS THE KINGS WORLD CUP BORN?

1.1 KINGS LEAGUE INFOJOBS

The Kings League InfoJobs is a ground-breaking 7-a-side football competition, created by Kosmos and chaired by Gerard Pique, where 12 top streamers and content creators lead their own team to compete for the title each week. This league takes the king of sports to a new dimension, with rules that favor more fun and exciting matches. Stars like Ronaldinho, Pirlo or Shevchenko, along with presidents like Iker Casillas and Kun Agüero, are just some of the legends who have been part of the show that blends sport and entertainment.

Under the name Kings League Santander, the top content creators from across the Americas made up a league that has become a true mass phenomenon in its first split. For its first Final Four, nearly 60,000 people attended the legendary Estadio Azteca.

1. HOW WAS THE KINGS WORLD CUP BORN?

1.4 WHAT IS THE KINGS WORLD CUP?

Following the success of the Kings League InfoJobs in Spain and the Kings League Santander in America, Kosmos presents the Kings World Cup: the World Cup of the Kings universe and the consolidation of a global phenomenon that has challenged the rules of sports and entertainment.

Therefore, the Kings World Cup becomes the first international 7-a-side football tournament to bring together 32 teams from over 15 countries, led by the world's top content creators alongside former footballers and global stars like Neymar Jr, Francesco Totti, and Mario Götze, among others. All of this under the watchful eye of the 'King of Kings,' Zlatan Ibrahimovic.

The 'Swedish king' will preside over the tournament, in which the winner will not only claim the title of the first Kings World Cup champion but also receive a **\$1 million prize**.

2. COMPETITION RULES

If there's one special feature of the Kings League, and consequently the Kings World Cup, it's their revolutionary rules that blend the best of traditional football with the latest innovations and trends from the world of video games and other sports. Thanks to these rules, an entertaining format has been crafted where anything is possible.

Here you can find a minute-by-minute guide about all the rules of a match.

3. KINGS WORLD CUP FORMAT

3.1 PRELIMINARY PHASE: 'REDEMPTION GAME'

The so-called 'Redemption Games' will be held on May 25th at the Kings League Arena in Mexico City. The bottom four Spanish teams in the standings and the bottom four American teams will compete against each other for one last chance to be among the 32 teams participating in the Kings World Cup. In a single match, the four winners will join the 28 teams already qualified, while the losing teams will be directly eliminated.

ATLÉTICO PARCEROS
(JAMES & PELICANGER)

XBUYER TEAM
(ERIC & JAVI BUYER)

12:00 noon Mexico City

The opening match of the preliminary phase of the Kings World Cup is undoubtedly one of the most hoped-for games, as Pelicanger and James Rodriguez's team could potentially knock out a Kings League InfoJobs champion team from the World Cup.

VS

CLUB DE CUERVOS
(MERCEDES ROA)

EL BARRIO
(ADRI CONTRERAS)

1:00 PM Mexico City

A similar scenario unfolds in the second match of the day. Club de Cuervos, led by Mercedes Roa, could deny the participation of the first-ever Kings League champion, Adri Contreras' El Barrio, in the World Cup.

VS

LOS ALIENS FC
(CASTRO)

RAYO DE BARCELONA
(SPURSITO)

2:00 PM Mexico City

Two of the most followed teams in the Kings universe will face off in a sudden-death match where only one will advance to the Kings World Cup.

VS

LOS CHAMOS
(THEDONATO & YOLO)

PÍO
(RIVERS)

3:00 PM Mexico City

In order to close the Redemption Game, we have the main dish. Mexican Samy Rivers will compete once again in her home country with her team, striving to fulfill the dream of winning a title at home. Standing in their way is TheDonato's team, arriving in Mexico with the intention of redeeming themselves after a disappointing regular season where they managed only 3 wins in 11 encounters.

3. KINGS WORLD CUP FORMAT

3.2 WORLD CUP KICK-OFF AND LAST CHANCE

Once the 32 teams that will take part in the Kings World Cup are determined, the competition will begin on May 26th. The teams will compete in a Swiss system comprising two separate phases. The first phase will take place at the Kings League Arena in Mexico City, where the 32 teams will fight to win two clashes to secure their place in the knockout stage, starting from the round of 16.

The winners of the first match will face each other, and the teams that secure two victories in two matches will advance directly to the round of 16. The losers of this second match will have one last chance to go through the round of 16 by facing the winners of the matches played by the teams defeated in the first round, known as the 'last chance.'

The round of 16 and the quarter-finals will be knockout rounds and will also be held at the Kings League Arena.

Once the tournament reaches the semi-finals, the remaining four teams will compete in the Final Four at the legendary BBVA Stadium in Monterrey, which has a capacity of over 53,500 spectators. They will compete in two semi-finals and a final to win the World Cup.

[SQUAD](#)

The reigning champions of the Kings League InfoJobs will try to extend the celebration from the WiZink Center to Mexico, aiming to be crowned the first champions of the Kings World Cup. Led by Grefg and backed by one of the largest communities on the internet, they are one of the favorite teams to win the title.

ULTIMATE MÓSTOLES
DJMARIO

[SQUAD](#)

After being defeated less than a month ago in the Kings League InfoJobs final, the Madrid team will seek redemption by winning their second official title. They aim to add this one to their trophy cabinet alongside the Kings Cup they won last October at La Rosaleda in front of over 30,000 spectators.

PORCINOS FC
IBAI

[SQUAD](#)

If there is one team that should always be considered in big moments, it is undoubtedly Porcinos FC. Ibai's players are familiar with silverware, as they are the only champions to date of the mixed competition in the Kings universe – the Kingdom Cup. With fans all around the world, Porcinos will feel at home despite being thousands of miles away, making them one of the favorites to win the inaugural Kings World Cup.

JIJANTES FC
GERARD ROMERO

[SQUAD](#)

'The Phoenix' of the Kings League. After an average first split, Gerard Romero's players managed to rise from their ashes and have become one of the most respected teams in the competition. Coupled with their relentless fanbase, playing against the 'Jijantada' is a true ordeal for their opponents.

4. TEAMS INVOLVED

KUNISPORTS
KUN AGÜERO

SQUAD

We know all too well that Argentina's relationship with World Cups is a love story stronger than the one of Romeo and Juliet. First, it was Kempes, then Maradona and finally, Messi. This is why the Kings World Cup is the perfect opportunity for Kun's boys to close a cycle and put the finishing touch on one of the most idyllic love stories in sports.

LOS TRONCOS
PERXITAA

SQUAD

Probably one of the toughest defeats in the history of the competition was suffered by Perxitaa's boys. After dominating in the Kings Cup, they faced a heavy defeat in the final, conceding an overwhelming 8-1 scoreline Ultimate Mostoles. However, it is well known that even after the fiercest fires, life in the forests always finds a way to thrive. That's why this great team wants to live up to its name and fill Mexico with life and color.

ANIKUILADORES FC
JUAN GUARNIZO

SQUAD

There are teams you never want to play against and one of them is Aniquiladores FC. Here we're talking about the only team that has reached every Final Four of the Kings League InfoJobs but has never clinched the title of champions. Will the soldiers of Juan Guarnizo manage to annihilate their rivals across the pond and become the first champions of the Kings World Cup?

1K
IKER CASILLAS

SQUAD

If there's one thing 'El Santo' knows, it's lifting trophies, especially winning World Cups. He achieved it in South Africa 2010 and wants to repeat the feat at the Kings World Cup in Mexico 2024. With a genuine team, Iker Casillas' boys will try to reach their first-ever Final Four and, why not? Lift the title of world champions.

4. TEAMS INVOLVED

4.2 AMERICA

GALÁCTICOS DEL CARIBE **FUTBOLITOS & ALOFOKE**

SQUAD

Vincent and Will have become one of the most charismatic duos in the Kings universe, and that's a 'factou'. The Caribbean team will seek redemption from the painful defeat suffered in the semifinals of the Kings League Santander, played at the Estadio Azteca in front of nearly 60,000 people. Will Los Futbolitos manage to avenge themselves and lift the title of world champions to the Mexican sky?

PERSAS FC **ZEEIN**

SQUAD

Another semifinalist from the Estadio Azteca who will seek to amend the tough defeat suffered in the first split of the Kings League Santander. Zeein's boys showed that they can never be counted out and that despite completing a discreet regular league, they are truly lethal in direct elimination matches. Will the format created for the Kings World Cup favor them? From Peru, they are convinced it definitely will.

MUCHACHOS FC **JERO FREIXAS**

SQUAD

If someone can represent passion and love for a sport, it's Jero Freixas and his men. After narrowly qualifying for the Kings World Cup, Freixas' boys are willing to repeat what Maradona achieved in Mexico back in 1986. One thing is clear: they will give everything they have to give their fans the title that will credit them as world champions.

WEST SANTOS **WESTCOL & ARCÁNGEL**

SQUAD

The kings of controversy... and we love it! The combination of WestCol and Arcangel blends the best of two worlds: streaming and music, Colombia and Puerto Rico. Together they create an explosive mix that leaves no one indifferent and with which they want to blow everything up. Will the favorite villains of the Kings League fulfill their mission?

4. TEAMS INVOLVED

RANIZA FC **ALANA & BARCA**

SQUAD

Silence, THE CHAMPION plays! After raising the first title of champion of the Kings League Santander to the sky of Mexico City, Alana, president of Raniza, will seek to expand her legend by winning the Kings World Cup. This time it will be contested in her city, Monterrey, where the young Mexican streamer and her boys will fight to get the title that will credit them as world champions in front of their people.

OLIMPO UNITED **CHICHARITO**

SQUAD

'No one is a prophet in their own land.' Chicharito wants to put an end to this popular saying and become, even more so, the true prophet of his land. The team of the Mexican footballer will try to achieve what they could not in the Kings League Santander and give joy to all their fans in Mexico and to win the first World Cup of the Kings universe.

TITAN FC **GERMÁN GARMENDIA**

SQUAD

Life gives you second chances; and German Garmendia and the boys from Titan FC know it well. After a dream first split, finishing the regular season in first place, they secured a direct pass to the Final Four. At the Estadio Azteca, they beat their opponent in the semifinals and the titans qualified for the first final of the Kings League Santander. The blow was very hard when they were defeated in front of 60,000 people, but sometimes you have to hit rock bottom to reach the sky.

PELUCHE CALIGARI **MONTIEL BROTHERS**

SQUAD

'La Pelucheta' is back. After an almost perfect regular season, finishing in the second position, the team of Mexico's favorite brothers were clear contenders for the Kings League Santander title. But a tough defeat in the quarter-finals against Los Galacticos del Caribe left them without their ticket to the desired Final Four. That day, silence invaded every home in Mexico, but this time the Montiel Brothers are sure that they will sing and never cry again.

4. TEAMS INVOLVED

4.3. WILDCARDS

4.3.1 BRAZIL

SQUAD

FURIA FC

O ESTAGIÁRIO, FALCAO, NEYMAR JR.

What would a World Cup be without the Brazilian touch? Allan Rodrigues, aka O Estagiário, is a Brazilian streamer and content creator with over 300,000 followers on Twitch who will try to bring the Brazilian essence to the Kings League Arena in Mexico City.

But the streamer will not be alone, as he has been joined by two legends: Neymar Jr, one of the world's football superstars, and Alessandro Rosa Vieira 'Falcao,' one of the greatest futsal players in history, the all-time leading scorer for the Brazilian national team, and the player who has worn the 'verdeamarela' jersey the most times. An unstoppable combination that, along with a genuine team, will try to win the Kings World Cup for the country of football and samba.

G3X

GAULES

SQUAD

G3X arrives in Mexico to dominate everything, just as their president is used to. Gaules is one of the most followed streamers in the world, with over 4.1 million followers on Twitch, and has been the most-watched non-English speaking streamer on the platform for four years. Additionally, he is a prominent figure in the esports world in Brazil. Knowing these facts, we can guarantee that Gaules has not come to Mexico just to participate, and together with his boys, he wants to continue breaking records.

4.3.2 FRANCE

FOOT2 RUE

AMINE

SQUAD

The team representing France will be presided over by Amine, a Franco-Algerian streamer with over 2.6 million followers on Twitch, making him the most important streamer in France and one of the biggest references worldwide. He gained recognition through Twitter, then showcased his skills as a streamer and content creator, and now arrives at the Kings World Cup with a genuine team led by former Arsenal, Manchester City, and Sevilla FC player Samir Nasri, to dominate everything. Who wouldn't want to see a match in the final stages between the French team and a Spanish combined team? The intrigue is served.

4. TEAMS INVOLVED

4.3.3 GERMANY

YOUNIORS FC
YOUNES & GÖTZE

[SQUAD](#)

The galactic duo lands in Mexico! The German team is presided over by a high-flying tandem, none other than Mario Gotze and Younes. Gotze, current player for Eintracht Frankfurt with past spells at Borussia Dortmund and Bayern Munich, knows what it's like to be a world champion. It was in the 2014 World Cup in Brazil that the German national team emerged victorious, quite with a goal from the co-president of Youniors FC in the final of the tournament. On the other hand, Younes is a German content creator with 54 million followers on TikTok, making him the European TikToker with the most followers in the world. He has the ability to make anything he touches go viral. With this level of leadership, we can be sure that they will form a team capable of competing for the Kings World Cup.

4.3.4 UK

FIVE FC
JEREMY LYNCH & RIO FERDINAND

[SQUAD](#)

It's unthinkable to talk about football without considering the United Kingdom. Therefore, Rio Ferdinand and Jeremy Lynch will fight with their players to bring the World Cup trophy back to the country that invented football. Rio Ferdinand, a legend of Manchester United and the English National Team, will team up with Jeremy Lynch, one of the most prominent football-related content creators in the British Isles.
